

NHSE social value model – CYP focus

Katherine Arbuthnott, PH specialty registrar

Matilda Allen, PH specialty registrar and Harkness Fellow

Existing model: Incorporating Social Value Model themes into procurement

Social Value Model theme	NHS priority areas	Example opportunity areas
Fighting climate change (must be included in all procurement)	<ul style="list-style-type: none"> • Reduce emissions • Reduce air pollution • Promote circular economy principles • Reduce consumption and waste 	<ul style="list-style-type: none"> • Demonstrate reduced greenhouse gas emissions • Initiatives to reduce environmental impact with the redesign of the product or service • Source materials from and manufacture products within the UK (or relevant region) to reduce carbon emissions and improve supply chain transparency • Delivery optimisation and use of low/zero carbon vehicles • Reduce single use plastics, packaging and increase recyclability of products • Support environmental protection and improvement through the delivery of the contract • Biodiversity initiatives developed or supported in the local area
Wellbeing	<ul style="list-style-type: none"> • Support physical and mental health 	<ul style="list-style-type: none"> • Programmes to support physical and/or mental wellbeing for staff • Volunteer hours protected for staff in hospitals, mental health or other health and care charities • Enhancement of the quality of the built environment for community benefits, such as access to greenspace for staff and the community
Equal opportunity	<ul style="list-style-type: none"> • Support a diverse workforce • Equity by design • Eliminate modern slavery 	<ul style="list-style-type: none"> • Pre-employment programmes, apprenticeships or training opportunities targeting local communities experiencing inequality • Opportunities for training and skills development • Ethnic minority representation within contract provision • Commit to equality, diversity and inclusion activities to increase representation for marginalised groups • Demonstrate a commitment to equity in pay levels among different staff demographic groups doing equivalent roles • Compliance with the Modern Slavery Act 2015, with suppliers signing a supplier code of conduct and those with an annual turnover of £36m to publish an annual statement setting out steps being taken to prevent modern slavery in their business and supply chain • Further initiatives to eradicate modern slavery including on-site modern slavery audits and factory checks, Modern Slavery Assessment Tool (MSAT) usage, and provision of victim support
Tackling economic inequality	<ul style="list-style-type: none"> • Employment as an economic and health intervention • Living wages 	<ul style="list-style-type: none"> • Work opportunities for those with a disability or long-term health conditions • Pay workers a living wage, offer living hours and support a commitment to ensure no workers experience in-work poverty • Improving the living conditions of staff and providing access to quality housing • Support for career progression and social mobility • Support for working policies above statutory requirements, such as flexible working for those looking after dependents or with caring responsibilities
COVID-19 recovery	<ul style="list-style-type: none"> • Support individuals affected by COVID19 	<ul style="list-style-type: none"> • Work opportunities for those disproportionately impacted by COVID-19, including 16–24-year-olds, over 50s, and people from ethnic minorities • Volunteer hours protected for staff that support people affected by COVID-19

CYP focus model

- This model replicates the existing NHSE social value model's themes and priority areas (the first two columns)
- Some of the 'example opportunity areas' are the same as the existing NHSE model, for some the wording has been changed, and we have added some new areas to this model.
- Local organisations, areas and systems could supplement these based on local needs, priorities, assets and understanding

Social value model theme	NHS priority areas	Example opportunity areas
Fighting climate change (must be included in all procurement)	<ul style="list-style-type: none"> • Reduce emissions • Reduce air pollution • Promote circular economy principles • Reduce consumption and waste 	<ul style="list-style-type: none"> • Tackle air pollution to reduce childhood asthma • Supporting active travel and improved infrastructure for the benefit of local CYP – for example, green spaces that are safe to play in.
Wellbeing	<ul style="list-style-type: none"> • Support physical and mental health 	<ul style="list-style-type: none"> • Programmes to support physical and/or mental wellbeing for young staff, including a particular focus on mental health • Volunteer hours protected for staff to take part in activities with local CYP • Enhancement of the quality of the built environment for the benefit of local CYP – such as access to greenspace • Programmes to ensure homes are promoting health and wellbeing – for example, tackling bed poverty.
Equal opportunity	<ul style="list-style-type: none"> • Support a diverse workforce • Equity by design • Eliminate modern slavery 	<ul style="list-style-type: none"> • Pre-employment programmes, apprenticeships or training opportunities targeting local young people experiencing inequality • Opportunities for training and skills development for young people • Initiatives to support working parents to access high quality, affordable childcare • Support parents returning to work – e.g. with flexible working patterns and additional support
Tackling economic inequality	<ul style="list-style-type: none"> • Employment as an economic and health intervention • Living wages 	<ul style="list-style-type: none"> • Pay decent parental leave • Support for working policies above statutory requirements, such as flexible working for those looking after dependents of with caring responsibilities
COVID-19 recovery	<ul style="list-style-type: none"> • Support individuals affected by COVID-19 	<ul style="list-style-type: none"> • Work opportunities for those disproportionately impacted by COVID-19, including 16-24 year olds
